

Dear In Touch,

February 28, 2013

I want to express my gratitude for the care that you have given my mother over the past year. My father passed away last February. With his passing, we were uncertain as to how we would care for our mother who suffers from Alzheimer's Dementia. She was still living in "Independent" in the apartment they had shared, with no openings in Assisted Living, and not quite ready for Memory Care, "In Touch's" new monthly program was brought to our attention. After our first meeting with Justine Ortiz, we felt immediate confidence that she was in capable hands. They provided complete care for our mother's escalating needs, but most of all, she counted the girls as "her friends." They provided care and companionship, while maintaining our mother's dignity. Last month, after symptoms made life on "Independent" not possible, we moved her to Memory Care. "In Touch" made it possible for our mother to stay in the apartment she had shared with our father for an entire year, and for that I am MOST grateful.

Thank you,

Cathy Holliman
